

MEXICAN GIVEN JAIL SENTENCE

Assigned to One Year at Joliet Upon Plea of Guilty to Statutory Rape Charge.

Pablo Reyneros, Mexican, aged 15 years, yesterday pleaded guilty to a charge of statutory rape in circuit court, and upon recommendation of State's Attorney Floyd E. Thompson, was given the minimum sentence of one year in the state penitentiary by Judge Frank D. Ramsey.

Reyneros was arrested by East Moline police authorities in his boxcar home, where he resided with Louise Flores, a distant cousin, 15 years of age. Defense stated through an interpreter that Louise had willingly run away from her father at Fairport, Iowa, to live with Reyneros. The couple desired to marry, but the father refused his permission and stated his desire to press the charge against Reyneros.

NAME ATHLETIC BOARD CONTROL AT HIGH SCHOOL

The election for the athletic board of control for the Rock Island high school was held Thursday night after school and resulted in the electing of Paul Anderson, Vincent McCarty and Keith Nelson. McCarty was reelected from last year's board. This board will handle money matters with the athletic manager and also will have charge of the handling of the season tickets.

Friday night at the Manual Arts building the student council will give a dance in honor of the freshmen, the new teachers, and Mr. and Mrs. Lee. Nothing of this kind has ever before been handled in the Rock Island high school. The student council at present has only members from the three upper classes, but the freshmen members will be elected soon after the reception.

PRIZE WOMEN'S WORK.

Painesville, Ohio.—Sixty girls from Lake Erie college here form one unit of the women's land army of America and have aided the farmers of Lake county by pitching hay, cultivating corn and weighing grain. The farmers at first thought the idea impracticable, but now they praise highly the work of the young women, many of whom come from homes of wealth.

The girls lived at the college dormitory and drove to their work in a truck donated to their service. They got \$15 a month and board from the unit. Their services were rented to the farmers for \$2 a day.

PROGRAM BACKED BY SOCIALISTS OF KAISER HIS OWN?

London.—There is good reason to believe that the program adopted by the Social Democratic faction of the reichstag at its meeting Sept. 23 was not only inspired by the German government but actually embodied Germany's peace terms, according to Rotterdam advices to the Telegraph.

It is pointed out by the dispatch that the part of the program referring to international arrangements as distinct from internal reforms was discussed soon after the failure of the German offensive and when it became apparent that Germany's prospects were hopeless.

The resolutions of the Social Democratic party included the unrestricted endorsement of the reichstag peace resolution of July, 1917. It also declared in favor of Germany joining a league of nations based on a peaceable solution of all disputes and general disarmament.

There were non-committal declarations on the restoration of Belgium, on an understanding regarding indemnities and on the restoration of Serbia and Montenegro and a declaration that the peace treaties of Brest-Litovsk and Bucharest must not hinder the conclusion of peace. It was urged that civil administration over all occupied territories be given upon the conclusion of peace to democratic parliaments which are to be established forthwith.

Autonomy for Alsace and Lorraine was also provided for in the resolution which also declared for universal, equal, secret and direct

suffrage for all the German federal states.

It is said that the Prussian landtag will be dissolved if equal suffrage does not result without delay from deliberations of the committee of the upper house.

Imagine Your Own Child in Clothes Made of Old Rags

If you saw a child on the streets of Rock Island wearing a piece of torn sheet for a dress; if you saw an old woman wearing a dress made from a red table cloth; if you saw tiny boys with no clothing but a pair of trousers in shreds; if you saw tiny infants whose mother had no warm flannel in which to wrap

them; if the weather was near zero and you were dressed as you are today; you would take the very clothing from your back to protect their weakness and keep them warm.

And yet that very condition faces ten million such helpless ones back of the German wall in France and Belgium. And you are being asked to give only your worn, your old, your cast-off clothing.

Before you lie down to sleep to-night, search out what you can spare, and tomorrow give it to the Rock Island Red Cross which is

pleading for these destitute of the allied nations.
